

Enics Malmö

Enics is one of the world's largest EMS companies providing whole life-cycle services to global industrial business.

Bridge to your Markets.

With Enics in Malmö, your products will reach your Markets faster. We produce close to 10.000 prototypes annually, often with full NPI solutions. By combining component selection, design for production and test we provide cost effective solutions. Our main focus is a solid Quality-Delivery-Cost performance within the Industrial and Medical segments. The Single Point of Contact gives you both proximity and global opportunities. We are dedicated to build long term partnerships.

Benefits for the Customer
